## Optional Courses

The optional courses (OC), offered from other Departments of the University of Ioannina, are courses that either a) deal with theoretical approaches and conceptual frameworks of the science of Psychology from the epistemological point of view of the science of Philosophy and History, or b) examine aspects of Psychology, i.e. cognitive functions and human development and behaviour (normal and abnormal), from a medical or educational point of view. These courses propose medical or educational interventions respectively.

In particular, the OC are offered from:

- the Department of Medicine
- the Department of Speech and Language Therapy
- the Department of Primary Education,
- the Department of Early Childhood Education (DCE)
- the Department of History and Archaeology
- the Department of Philosophy

### Winter Semester
